

January 21, 2020

STAIR-Annapolis Executive Director Laura Iversen was awarded a Governor's Volunteer Service Certificate in recognition of STAIR's contribution to literacy initiatives in the State of Maryland.

It was an honor to join our valued partners Seeds 4 Success, whose Executive Director also received a Governor's Volunteer Service Certificate, and the team at Housing Authority of the City of Annapolis (HACA), who received a Governor's Citation for exemplary programming.

We know first-hand the hard work, care and commitment these organizations dedicate to our community, and are proud to be counted among them. Congratulations!
